Details of the standard authority matrix (for most contractors and employees) can be found within the BSS expenses policy.

2.2 Performance Programmes (Contractor Obligations)

The Contractor is responsible for setting out the team programme, together with their Line Manager and the Head Coach if applicable. Details of programme updates must be regularly forwarded to the BSS Head Office, so that the office always knows details of whereabouts and race entries.

The Contractor will monitor the performance and potential of the other British athletes, especially at British Championships and make recommendations on the next season's Team selection.

The Contractor will abide by all BSS policies, and insist that the athletes in his/her team, understand and abide by the same policies and the BSS general rules of conduct.

2.3 Communication

The Employee/Contractor is required to provide regular information on the progress and outcomes in their areas of responsibility at regular intervals throughout the year.

The Contractor will ensure that all competition results are communicated to the BSS office and discipline Head Coach as quickly as possible.

2.4 Coach and Athlete Education (Contractor Obligations)

The Consultant may be required to assist in the training and development of British Coaches, and may be required to attend specific courses/meetings to represent the views of the BSS coaching staff.

The Consultant will be encouraged to participate in any conferences/courses that will assist in his personal development and knowledge of coaching. Any support that is available will be entirely at the entire discretion of BSS.

3. General Expenditure and BSS Equipment

The BSS Expenses Policy contains the rules and guidelines relating to expenses incurred by British Ski and Snowboard (BSS) Employees or Employee/contractors whilst carrying out duties relating to their employment by BSS. The rules and guidelines should be applied in all cases and any breach of the Policy may result in Expenses not being reimbursed or cash advances being offset against Contract payments. To see the BSS Expenses Policy please go to www.teambss.org.uk

4. Contractor Fees

Contractors are required to submit monthly invoices to the Chief Executive Officer for fees. The invoice must be dated for the appropriate month, and must specify the fee together with any other agreed upon allowances or approved expenditure reimbursements. 10. Grievances

Grievances are concerns, problems or complaints raised by an employee and must be made in writing. However, before using the grievance procedure it is expected that an employee will try to resolve their complaint informally if at all possible. Guidelines as to how to resolve the grievance informally are provided in the BSS Grievance Policy.

The formal stage of the procedure (also outlined in the BSS Grievance Policy) should only be used when the informal stage has failed to resolve the issue or is not making progress at reasonable speed. Please see the Grievance Policy for more information. If any questions arise from this document, please contact the Head Office for clarification.
